****Call Committee, please contact the membership list to make reservations for next weeks dinner meeting****

Our first meeting this month will be held on TUESDAY, the 13th of the month. Due to Valentine Day celebration the restaurant was unable to handle our club and the many reservations they have on that special day. Did you remember your Valentine?

The dinner speaker will be a representative of Columbia Gas Co., Mr. Larry Cameron.

Members please note that dues for the year are due. Check with Leon if you have any questions about your membership status.

We have been given tentative approval by the University to use their parking lot near the football stadium for the Flea Market project on May 25th. This is a Saturday and, as with all projects, we need help from the entire club. Next we need Board approval.
